Care-level fees: what each level costs, what moves someone up, and who decides			
Second-person fee; community fee (refundable?)			
Rate increase in each of the last three years			
Monthly total: base + care level + second person			
3 · IF CARE NEEDS CHANGE Get these answers in writing too.

Who would help on a weekday morning, and how long have they worked here?			
How often do agency staff fill in?			
Resident turnover last year, and where did people go?			
Ask two residents: did you choose to move here? What do you wish you'd known?			
5 · PAYING AND YOUR VIEW			
Which do you work with: long-term care insurance, VA benefits, the Supportive Living Program (Medicaid)?			
Your overall impression (1–5) and next step			

$6,219 a month is the Illinois statewide assisted living median (CareScout 2025), not an Evanston figure.

Medicare does not pay for assisted living.

Illinois law: the contract must state the base rate, extra-service fees and whether the community fee is refundable.
